

Rates and Terms

When does Digital Learning Camp begin?

The first day of camp is scheduled for Tuesday Sept 8th. This is subject to change if academic schools delay the start of their school year.

How much is Digital Learning Camp Membership?

There is an initial \$50 registration fee per child. Then the camp fee is \$60 per day.

Is there a family discount or multiple day discount for camp?

Due to our limited capacity, we are unable to offer any discounts. We are confident that the quality of our programming and camp operation provides a strong value for the price.

Why is there a registration fee for digital learning camp?

Because of the high interest in our camp and the restricted capacity required for social distancing, we are asking families to establish their “place in line” by paying a \$50 registration fee per child. This fee will be applied to the purchase of work stations (chairs and desks) that we will utilize at our camp. If we run out of membership slots before we run out of applications families will have the option to receive a refund of their registration fee or be placed on a waiting list.

If I choose to be placed on a waiting list what happens next?

Families on the waiting list will be notified if a membership spot opens up and they will be given the option to join Digital Learning Camp on a first come first served basis, subject to daily capacities.

Is the Digital Learning Camp a daycare?

We are not a daycare. We are a drop in recreation program offering a limited number of membership to our “club”.

How certain can I be that my child will be able to “drop in” on the days that I need?

Because we are limiting the number of memberships that we offer based on our capacity, you should feel confident that if you are accepted as a member that your child will be able to “drop in” as needed.

How long will you be offering the digital learning camp?

We intend to offer the camp as long as school districts are running their modified schedules. It is our goal to provide this service as long as it is needed by our families.

What about Erie County school holidays?

If academic schools are closed for a holiday (i.e. Columbus Day) our Digital Learning Camp will be closed as well.

How many campers will you be accepting into the camp?

Initially we intend to accept no more than 25 students per day. However, since most students will not be attending every day we will be able to offer more than 25 memberships. We will determine the exact number once we see the days requested by families. Campers will be accepted on a first come, first serve basis with a priority given to current World Class Taekwondo members, and subject to daily capacities.

Can I stop digital learning camp at anytime?

Yes. We would appreciate being notified a week in advance of your decision so that families on our wait list may be notified of the opening for membership

What if schools are forced to close again?

As a drop in recreation program, our operation may be subject to different guidelines than academic schools. We plan to continue to offer our services unless we are required to be shut down by the state or federal government.
